Dear Dr. Sharp,

I am very happy to recommend, "Dinosaurs: Those Terrible Lizards" to other educators. Our students were very excited to see the dinosaurs that they had learned so much about. They were fascinated by the size and shape of each skeleton. It was a special treat to be so close to the display. Many of our students will not have the opportunity to travel the 2- $\frac{1}{2}$ hours to Ft. Worth to see this type of exhibit, so we felt especially fortunate to have you come to our campus.

You were able to gear the presentations to the level of our students, which kept their attention to a high level. You are an excellent teacher and make the information come alive. Many teachers described you as a "charismatic" speaker.

All of us at Bowie Elementary felt that our students benefited from your visit and gained some valuable information.

Thank you for coming and we hope to see you again.

Sincerely,

A handwritten signature in cursive script that reads "Diane Rose".

Diane Rose
Principal
